UltraCare and UltraCare 400 summary

This is only a high-level summary of some of the benefits available under the **UltraCare** and the **UltraCare 400** plans. It does not form part of your contract with Southern Cross Medical Care Society. It is intended to help you understand what is covered and how your policy works.

For full policy details, including specific benefit limits and exclusions, please refer to the full policy document available on our website southerncross.co.nz/ultracare where you can also view the other documents that form part of the **UltraCare** and **UltraCare 400** policy which may change from time to time, including the eligibility criteria, the list of unapproved healthcare services, the list of prostheses and specialised equipment and the list of policy variations. You can also contact us directly to request copies.

BENEFITS	UltraCare
<p>We'll cover either the actual charges or the reasonable charges incurred for an eligible healthcare service. We'll cover these charges up to the policy limits, as outlined in each benefit in the UltraCare policy document.</p>	
CANCER TREATMENT	
Chemotherapy for cancer (base)	\$60,000 each claims year for costs associated with chemotherapy treatment. Maximum includes \$10,000 each claims year for chemotherapy drugs which are not Pharmac approved but are Medsafe-indicated for treatment of the cancer you've been diagnosed with.
Cancer Cover Plus - Optional chemotherapy for cancer upgrades*	
<p>You can choose to upgrade from the Chemotherapy for cancer (base) benefit above to one of the Cancer Cover Plus options, Chemotherapy 100 or Chemotherapy 300. This gives you a higher level of cover for costs associated with chemotherapy treatment, including for chemotherapy drugs that are not Pharmac approved but are Medsafe-indicated for treatment of the cancer you have been diagnosed with.</p>	
Chemotherapy 100	\$100,000 each claims year for costs associated with chemotherapy treatment. No limit on the amount of the claims year maximum which can be used for chemotherapy drugs that are not Pharmac approved but are Medsafe-indicated for treatment of the cancer you have been diagnosed with.
Chemotherapy 300	\$300,000 each claims year for costs associated with chemotherapy treatment. No limit on the amount of the claims year maximum which can be used for chemotherapy drugs that are not Pharmac approved but are Medsafe-indicated for treatment of the cancer you have been diagnosed with.
